

FOR IMMEDIATE RELEASE

TORONTO ARTIST TU EZ ANNOUNCES NEW SINGLE 'C'MON LET'S GO'

ARRIVING AUGUST 21, 2026

A bright, cinematic release built around chemistry, confidence, movement and a polished Toronto-night atmosphere.

Toronto, Canada - 2026 - Toronto-based independent artist Tu Ez will release his new single C'mon Let's Go on August 21, 2026. The track blends melodic rap, R&B, pop and dance energy into an upbeat record designed to feel immediate, memorable and full of motion.

The song captures the feeling of a night beginning to open up: city lights, warm energy, chemistry and confidence. Its melodic hooks and dance-driven pulse are matched by a cinematic visual identity shaped by Toronto waterfront settings and the glow of the city after dark.

C'mon Let's Go begins a two-release campaign that presents two sides of the Tu Ez sound. The follow-up single Hypnotic moves into a darker and more magnetic atmosphere built around attraction, luxury and late-night tension.

Across the music, artwork and visuals, Tu Ez is building one connected world focused on mood, movement and repeat plays.
